

COVID 19

Firstly we would like to reassure all our customers that we are open for business and will remain so for as long as it is safe to do so or until we are advised by the relevant authorities to close.

In the interests of safety for everyone we are asking you, our valued customers for your cooperation through this difficult time. You can help us by leaving at least 1 – 2 metres between yourself and other customers and staff. We are disinfecting all surfaces and equipment to minimise the risk of the spread of Covid 19, our staff are wearing protective gloves and will adhere to the social distancing recommendations.

Please be patient and allow some extra time for orders to be filled. We will get to everyone as soon as possible although processing and loading orders may take a little longer than usual.

To help minimize queuing time, why not phone in your order in advance or place your order on line.

If everyone plays their part we can overcome this disease and get back to a normal life again!

Thank you all for your support, patience and cooperation during this crisis.

Stay Safe and Look after your family – The Landscape Depot Team
